Maths	The principal focus of mathematics teaching in Key Stage 1 is to ensure that pupils develop confidence and mental fluency with whole numbers, counting and place value. This should involve working with numerals, words and the four operations, including with practical resources [for example, concrete objects and measuring tools]. At this stage, pupils should develop their ability to recognise, describe, draw, compare and sort different shapes and use the related vocabulary. Teaching should also involve using a range of measures to describe and compare different quantities such as length, mass, capacity/volume, time and money. By the end of Year 2, pupils should know the number bonds to 20 and be precise in using and understanding place value. An emphasis on practice at this early stage will aid fluency. Pupils should read and spell mathematical vocabulary, at a level consistent with their increasing word reading and spelling knowledge at Key Stage 1.		
Science	Using Our Senses Growing Up	What's In Your Habitat? Plant Detectives Sensing Seasons	The Apprentice Gardener Material Shaping Up
Computing	Purple Mash Online Safety / Creating Pictures Maze Explorers / Pictograms	Purple Mash Questioning Online Safety / Spreadsheets	Purple Mash Making Music Presenting Ideas
History	My Family Tree	Christopher Columbus	Great Fire of London
Geography	7 Continents and 5 Oceans 4 Countries of the UK	Walk around the local area Compass Directions	Maps and Symbols
Art	Drawing – Line and Shape Work about artists	Sculpture – Texture and Form Work about artists	Painting – Colour and Space Materials – Pattern
D.T. including Food	<u>Textiles</u> Purses	<u>Food</u> Eat More Fruit and Vegetables	<u>Construction</u> Winding Up Mechanisms
